Staying Alive in Scotland

This facilitator course will enable workers to recognise risk factors, high risk times and support people to reduce risk of drug related death.

Course Objectives

By the end of the session participants will be able to:

- Identify individual risk factors and high risk times for drug related death.
- Identify ways to engage and retain people in services.
- Identify good practice to reduce drug related death.

Skilled Level: The skilled level specifies the practice-specific knowledge and skills expected of practitioners who have direct or substantial contact and responsibility for people affected by substance use, and who are responsible for direct care or treatment of people affected by substance use. The 'skilled' level would typically apply to those in roles where there is responsibility for planning and delivery of support, care, or treatment.

Date: 19th January 2027

Time: 9.15am - 1.30pm

TRAINING WILL BE DELIVERED VIA MICROSOFT TEAMS
